Vision

Lafa envisages a society of restored and transformed people with sustainable livelihood.

Mission

To generate resources through fund-raising initiatives for communities and to enhance the attainment of positive development through sound management and utilization of available resources.

To attract volunteers and partners who are passionate in helping children achieve their hopes, dreams and full potential.

Who we are

Loveline Aid For Africa foundation (Lafa) is a registered non-profit organization working to address critical issues facing children, widows and vulnerable communities, through meaningful volunteer service programs. We work with volunteers to provide and improve the quality of education, healthcare, nutrition and care for vulnerable children and widows while working in partnership with rural villages to create and establish sustainable solutions for community growth.

Current Initiatives

Lafa dinner. Hundreds attended on this day to support and fundraise for building Lafa training Centre.

We offer regular food parcels, cover fees for education, healthcare and support orphans abroad.

Tailoring Training: School dropouts youths attending to tailoring classes, giving them a chance to create a brighter future.
